ICTPA-SCC
2016 New Year Event
Feb 27th, Saturday

Featuring Distinguished Speaker:

Mr. Eric C. Shen, P.E., PTP

Director, Southern California Gateway Office
 Maritime Administration (MAR550.9)

Eric Shen is the Southern California Gateway Office Director, Maritime Administration (MARAD) of the U.S. Department of Transportation (USDOT). The Southern California Gateway Office is based in Long Beach, California, and its area of responsibility includes four deep water ports in Southern California, the state of Arizona, and the west coast of Mexico. The combined ports of Los Angeles and Long Beach, known as the San Pedro Bay ports (SPB), rank first in the United States and 10th in the world. The Port of Hueneme and the Port of San Diego are the two niche California harbors that specialize in the importing and exporting of vehicles and fresh fruit.

Prior to joining MARAD, Eric was Director of Transportation Planning in the Port of Long Beach where he oversaw the planning, design and development of transportation strategies. He was instrumental in securing full funding for the billion-dollar Gerald Desmond Bridge Replacement Project which began construction in 2013. Under his leadership, the Port also successfully pursued and secured more than \$40 million of State and Federal grants to complete the \$84-million Green Port Gateway Rail Improvements Project.

Eric is appointed by the Transportation Research Board of the National Academy of Sciences as Marine Group Chair (2015-2018), after having chaired the Ports and Channels Committee (AW010) for 6 years. He serves on the Board of Directors for WTS-LA and the California Transportation Foundation (CTF). He is a registered Professional Engineer in Alabama and California (Civil) and a Professional Transportation Planner (PTP), certified by the Institute of Transportation Engineers in Washington DC. Eric is an adjunct professor in the University of Southern California Viterbi School of Engineering and the Sol Price School of Public Policy. He is the faculty adviser to the ITE/USC Student Chapter. Eric received a BSCE with honors and a MSCE from University of California, Irvine.
