Bios for Speakers

Mr. JIM BEIL
EXECUTIVE DIRECTOR
CAPITAL PROGRAMS
Orange County Transportation Authority (OCTA)

Mr. Beil is the OCTA Executive Director for Capital Programs responsible for rail, transit, and highway capital project delivery, and real estate services related to project delivery. This includes projects funded through Orange County's voter approved Measure M2 (M2) local transportation sales tax which began April 2011 and will provide between \$15 and \$24 billion over thirty years. High profile programs and projects include the comprehensive M2 Freeway Improvement Program, the OC Bridges Program of railroad grade separations, Metrolink Rail Service Expansion in Orange County, the OCX Program of railroad grade crossing safety enhancements, and two fixed-guideway transit streetcar projects.

Prior to joining OCTA in 2010, Mr. Beil was the Caltrans Deputy District Director for the Capital Outlay Program in Orange County, responsible for program and project management, design, engineering services, right-of-way, and construction. An Orange County native, Mr. Beil earned his Bachelor of Science degree in 1986 from the California State Polytechnic University, Pomona and is a Registered Professional Civil Engineer in the State of California since 1990.

Dr. ADNAN MAIAH
DISTRICT DEPUTY DIRECTOR
CAPITAL OUTLAY PROGRAM
Caltrans District 12.

Dr. Maiah is responsible for the delivery of capital outlay projects in District 12. His delivery team includes the offices of Construction, Design, Right of Way and Land Surveys and Program/Project Management. He ensures delivery of projects within the Capital Outlay Support Program that involve a portfolio of about 200 projects. He joined Caltrans in 1992 and held various positions including Senior Project Manager, Office Chief of Program/Project Management, as well as various technical positions. He has played an integral part in the delivery of most of the significant highway projects in Orange County's recent history. He was the Caltrans Project Manager on the SR-22 Design-Build widening project. Adnan has a Bachelor and Master of Science degrees from the University of Texas, and a Doctor of Philosophy (Ph.D.) degree from New Mexico State University in Civil Engineering. Adnan lives in the city of Orange with his wife and two children.
